Overview

Doshas — Vāta, Pitta, Kapha

Band: Primary (Grades 3–5) · **Sessions:** 10 × 30 min · **Sanskrit:** Tri-doṣa

Overview

Three patterns of internal rhythm — *vāta* (motion), *pitta* (transformation), and *kapha* (structure) — that Āyurveda uses to describe individual constitutional differences. Mapped to *pañcabhūta* from Module 2 and framed as wellness lens, NOT medical diagnosis.

NEP 2020 alignment

- §4.6 — Integration of Indian Knowledge Systems
- §4.23 — Experiential learning (self-observation projects)
- §11.8 — Holistic, multidisciplinary education

Key terms (this module)

- *doṣa* — humour / functional principle
- *vāta* — motion principle (wind, ākāśa+vāyu)
- *pitta* — transformation principle (fire, tejas+ap)
- *kapha* — structure principle (cohesion, ap+pṛthvī)
- *prakṛti* — innate constitution
- *vikṛti* — current imbalance

Pacing notes

- Primary sessions are 30 min. Adjust if your block is different.
- Days 5 and 9 are buffer days — use to reinforce weaker concepts or extend stronger ones.
- The summative project (see [assessments/project-brief.md](#)) runs in parallel from Day 6 onward.

Differentiation

- **For advanced students:** see [teacher-notes.md](#) for extension prompts.
- **For students needing more support:** simplify activities, do more pair-work, allow oral instead of written responses.

Teacher Notes

Teacher Notes — Doshas — Vāta, Pitta, Kapha (Primary)

Common student misconceptions

- *“This is religious, not scientific.”* — Frame the tradition as historical observation. Pañcabhūta-like classifications of matter exist in many cultures. Indian astronomy and math are documented, peer-reviewed historical fields.
- *“The Sanskrit terms are just jargon.”* — Insist on the triple format (Sanskrit / IAST / meaning) once, then use the Sanskrit alone. The terms are precise; the discipline of using them properly is itself a learning outcome.
- *“If it’s traditional, it must work.”* — Distinguish empirical claims (testable) from ethical/aesthetic frames (which need separate justification). Encourage students to ask “how would I test this?”.

Differentiation strategies

- **Extension for advanced students:** offer one optional “deeper read” per day — usually a primary source or modern paper.

- **Support for students needing scaffolds:** more pair-work, allow oral responses, provide partial outlines for writing prompts.
- **Multilingual classrooms:** Sanskrit terms are universal; vernacular equivalents (Hindi, Tamil, Telugu, Bengali, Marathi etc.) should be welcomed.

Safety

- Any activity involving food, plants, fire, or outdoor work needs explicit safety briefing.
- See the relevant day file for activity-specific safety notes.

Honest framing

- Where modern science clearly extends or revises traditional claims, say so.
- Where the tradition's framing is best understood as ethical/aesthetic, present it as such (not as competing science).
- Where attribution is debated (e.g., the “Vedic” status of Tirthaji's mathematics), present the debate honestly.

End-of-module reflection (for teachers)

- Which concepts landed well? Which didn't?
- Which students grew most? Which need a different approach next module?
- Add notes to `teacher-notes.md` for the next teacher who uses this pack.

Sources

Sources — Doshas — Vāta, Pitta, Kapha (Primary)

Primary and secondary sources

A note on citation discipline

Per the curriculum's style guide, citations must be verifiable. If a verse number, page, or attribution cannot be confirmed, the source is paraphrased without invented attribution. Where direct quotes appear in Primary-band day files, the source is identified in IAST + edition.

Materials

- Notebook, pencils, drawing paper
- (See [lesson-plan.md](#) for any day-specific materials)

- Kapha = ap (water) + pṛthvī (earth) — wet earth holds shape.

Take the three friend drawings from earlier days. Beside each, draw the two elements that make that friend. Wiggle gets sky + wind. Spark gets fire + water. Cozy gets water + earth.

Sing the rhyme: “*Wiggle is sky and wind. Spark is fire and water. Cozy is water and earth.*”

Module: Doshas — Vāta, Pitta, Kapha · **Band:** Primary · **Duration:** 30 min

Purpose

Reinforce the day-by-day concepts of Doshas — Vāta, Pitta, Kapha through a hands-on activity. Aligned with NEP 2020 §4.23 (experiential learning).

Materials

circular paper plate, coloured markers, ruler

What students do

Students mark a 24-hour clock face into three doṣa segments — kapha (6–10 am and 6–10 pm), pitta (10 am–2 pm and 10 pm–2 am), vāta (2–6 am and 2–6 pm). They note one personal activity that fits each segment and share with a partner.

Step-by-step

1. **Setup (5 min)** — gather materials; explain the task.
2. **Working phase (20 min)** — students work individually or in pairs.
3. **Share (5 min)** — selected students share their results with the class.

Differentiation

- **Extension:** ask advanced students to do an additional iteration or analysis.
- **Support:** pair students who need scaffolds; offer partial templates.

Assessment

This activity is **formative**. The teacher observes participation, accuracy, and reflection quality. No grade is assigned.

Safety

- General safety briefing before any materials are handled.
- If herbs, plants, or food are involved: kitchen-amount only, no ingestion of unknown preparations.
- Outdoor activities: stay in the designated area; supervised by the teacher.

See `rubric.md`. The project is worth the same weight as the summative quiz.

Rubric

Assessment Rubric — Doshas — Vāta, Pitta, Kapha (Primary)

This rubric applies to the project (see `project-brief.md`) and may also inform the summative quiz.

- **Knows the new word(s)** — 🌟 Strong understanding / 🌱 Growing / ☁ Needs more practice
- **Joined in activities** — 🌟 Strong understanding / 🌱 Growing / ☁ Needs more practice
- **Asked good questions** — 🌟 Strong understanding / 🌱 Growing / ☁ Needs more practice
- **Drew / made something** — 🌟 Strong understanding / 🌱 Growing / ☁ Needs more practice

How the teacher uses this rubric

1. After the project share, score each student on each criterion.
2. Convert to a band (4 = Exceeding, 3 = Meeting, etc.) for the report card.
3. Share at least one strength and one area for growth with each student.

Self-assessment (Senior students)

Senior students complete a parallel self-assessment using the same rubric before the teacher's assessment. The teacher and student then meet to compare.
