Day 1 — Three Friends Story

Module: Three Friends (Primary) · **Time:** 30 min

Goal

Children meet all three friends (Vāta, Pitta, Kapha) through a story.

Materials

- 3 picture cards (wind blowing leaves; sun/candle; water/clouds)
- Drawing paper

Flow

Settle + chant intro (5 min)

Teach: “*Vāta, Pitta, Kapha — three friends inside me!*”

3 times, with claps.

Story (10 min)

“Inside every body — yours, mine, your grandma’s — live THREE FRIENDS. They’ve been there since you were born. Today we meet them.”

Show each card with a story:

Vāta — Wind Friend. “*Vāta is the wind friend. She makes things move inside you — your breath, your heartbeat, your thoughts. People with lots of Vāta are quick and talkative. Sometimes they fidget a lot.*”

Pitta — Fire Friend. “*Pitta is the fire friend. He helps your food become energy. People with lots of Pitta are sharp and focused. Sometimes they get a bit fiery (angry).*”

Kapha — Water Friend. “*Kapha is the water-and-earth friend. She makes you strong and steady. People with lots of Kapha are calm and patient. Sometimes they’re a bit slow.*”

“Important: we ALL have ALL THREE friends. Nobody has just one. Sometimes one friend is louder than the others — that’s normal!”

Drawing (12 min)

Each child draws their THREE friends — with faces, names, anything they like!

Show + chant (3 min)

2 children share. Chant to close.

Homework

Goal

Children explore Vāta through movement and a game.

Materials

- Open space
- Drawing paper

Flow

Settle + chant (3 min)

Story (5 min)

“Today: meet Vāta — the WIND friend. Vāta makes things MOVE in your body.”

“What does Vāta do?” - Your breath in and out — Vāta. - Your heart beating — Vāta. - Your hand waving — Vāta. - Your thoughts moving — Vāta.

Vāta game (15 min)

Movement game. Three rounds: 1. *Wind round:* run around the room like the wind for 30 seconds. 2. *Quick-turn round:* stop and change direction every 5 seconds. 3. *Breath round:* sit. Breathe FAST 10 times. (How does your body feel? Vāta is awake.)

Then settle. *“That was your Vāta friend being LOUD. When Vāta is loud, we feel quick, talkative, sometimes worried.”*

“To calm Vāta: SLOW breath. Warm food. Sit still. Hug something soft.”

Draw your Vāta friend doing something quick.

Show + chant (2 min)

Homework

- Notice tonight: when does YOUR Vāta seem loud? (Before sleep? When excited?)

Stillness practice: - Sit cross-legged. Hands on knees. - Eyes closed (or lowered). - Be still for 1 minute. Count 10 breaths.

How did it feel? Most children find it harder than they expected.

“Kapha is steady but stillness isn’t always easy. You have to practise.”

Drawing (5 min)

Draw your Kapha friend doing something calm.

Show + chant (2 min)

Homework

- Notice: when do YOU feel most Kapha-like? (Morning? After a big meal? When happy?)

Flow

Settle + chant + song (5 min)

Story (10 min)

“Just like you have a bedtime, the three friends have rest times.”

“The friends like you to sleep BY 9 OR 10 at night, and wake UP with the sun.”

Sleep rules from the three friends: - Sleep at the same time every night (friends like routine). - Dim lights an hour before sleep (Pitta calms when it gets dark). - No big meal right before sleep (friends are busy digesting; can’t rest). - Quiet wind-down (Vāta needs settling).

- Optional: pictures of varied foods (rice, lemon, salt, chili, bitter gourd, banana)

Flow

Settle + chant + song (5 min)
