

Day 6 — Bar Model Proof

Module: Subtraction — Nikhila (All from 9) (Primary) · **Time:** 30 min

Goal

Draw a visual proof using bar models and number lines.

Materials

- Notebook, pencils, drawing paper
- (See lesson-plan.md for any day-specific materials)

The flow

Settle + chant (3 min)

Daily chant or breathing exercise.

Story recall (4 min)

Briefly recall yesterday's lesson by asking: "What's one thing you remember from yesterday?"

Today's idea (10 min)

- *pratiyogi* (modern coinage) (IAST: pratiyogi (modern coinage); lit. "the number that adds to a base")
- Let's see the trick with bars (or paper strips)!

Cut a strip 100 cm long. Now cut off 37 cm. "How long is the rest?" (63 cm.)

Now cut a strip 99 cm. Cut off 37 cm. "How long?" (62 cm — easy! $9-3=6$, $9-7=2$.) Add 1 cm — 63 cm.

"Same answer! Easier with 99!"

Activity (8 min)

A simplified version of *Complement Flashcards* (see activities/). Draw, sing, or act it out.

Wrap-up (3 min)

Each child shares one word that describes today.

Homework

(See homework.md.)

Teacher notes

- Citations belong in teacher notes only, not in student-facing material at this band.
- Keep new Sanskrit terms to one per lesson, repeated several times.
- If energy is low, swap the activity for free drawing.
