

# Day 1 — What is Auṣadhi?

**Module:** Herbs — Auṣadhi (Primary) · **Time:** 30 min

## Goal

Define auṣadhi and recognise the six herbs of this module.

## Materials

- Notebook, pencils, drawing paper
- (See lesson-plan.md for any day-specific materials)

## The flow

### Settle + chant (3 min)

Daily chant or breathing exercise.

### Story recall (4 min)

Briefly recall yesterday’s lesson by asking: “*What’s one thing you remember from yesterday?*”

### Today’s idea (10 min)

- *auṣadhi* (IAST: auṣadhi; lit. “medicinal plant / herb”)
- *Auṣadhi* (say “OH-shudh-ee”) = a plant that helps when we feel poorly.

Show six small plant samples or pictures. Pass each one — children smell, touch (carefully).

“*Many plants are helpers! Today we meet six new garden friends.*” Each child draws one plant they liked best.

### Activity (8 min)

A simplified version of *Blind Smell-Test Identification* (see activities/). Draw, sing, or act it out.

### Wrap-up (3 min)

Each child shares one word that describes today.

## Homework

(See homework.md.)

## Teacher notes

- Citations belong in teacher notes only, not in student-facing material at this band.
- Keep new Sanskrit terms to one per lesson, repeated several times.

- If energy is low, swap the activity for free drawing.
