

Day 7 — Mint — Cooling Leaf

Module: Herbs — Auṣadhi (Primary) · **Time:** 30 min

Goal

Recognise several *Mentha* varieties; identify menthol.

Materials

- Notebook, pencils, drawing paper
- (See lesson-plan.md for any day-specific materials)

The flow

Settle + chant (3 min)

Daily chant or breathing exercise.

Story recall (4 min)

Briefly recall yesterday's lesson by asking: “*What's one thing you remember from yesterday?*”

Today's idea (10 min)

- *puḍīnā* (IAST: *puḍīnā*; lit. “mint — *Mentha* spp.”)
- Today: meet Mint (Pudīnā)! 🌿

Show fresh mint leaves. Smell — fresh, cool! Crush a leaf — smell stronger.

“*Mint makes our mouth feel cool, even when it's not cold!*”

Mint chutney is yummy with food. Mint tea is good in summer.

Children draw a mint leaf (small, oval, slightly bumpy) and write “*puḍīnā*” beside.

Activity (8 min)

A simplified version of *Blind Smell-Test Identification* (see [activities/](#)). Draw, sing, or act it out.

Wrap-up (3 min)

Each child shares one word that describes today.

Homework

(See [homework.md](#).)

Teacher notes

- Citations belong in teacher notes only, not in student-facing material at this band.
- Keep new Sanskrit terms to one per lesson, repeated several times.
- If energy is low, swap the activity for free drawing.
