

Day 6 — Saṁkrānti Moments

Module: Movement of the Sun (Primary) · **Time:** 30 min

Goal

Identify Makara, Karka, and other saṁkrāntis on the calendar.

Materials

- Notebook, pencils, drawing paper
- (See lesson-plan.md for any day-specific materials)

The flow

Settle + chant (3 min)

Daily chant or breathing exercise.

Story recall (4 min)

Briefly recall yesterday's lesson by asking: “*What's one thing you remember from yesterday?*”

Today's idea (10 min)

- *sāyana* (IAST: sāyana; lit. “tropical zodiac (linked to seasons)”)
- When the Sun moves from one rāśi-house to the next, we call it *Saṁkrānti*.
- The most famous: *Makara Saṁkrānti* — when the Sun enters Makara (Capricorn). Around January 14 in many years!

Show a wheel with 12 houses. Children put a Sun-sticker on each rāśi, then circle the date when the Sun enters Makara.

“*In Tamil Nadu, this is Pongal. In Punjab, Lohri. In many places, it's a happy festival!*”

Activity (8 min)

A simplified version of *Sunrise Direction Tracking* (see [activities/](#)). Draw, sing, or act it out.

Wrap-up (3 min)

Each child shares one word that describes today.

Homework

(See [homework.md](#).)

Teacher notes

- Citations belong in teacher notes only, not in student-facing material at this band.
- Keep new Sanskrit terms to one per lesson, repeated several times.
- If energy is low, swap the activity for free drawing.
