

## Day 3 — Rivers as Sacred

**Module:** Indic Ecology — Vasudhaiva Kuṭumbakam (Primary) · **Time:** 30 min

### Goal

Discuss the ecological function of river-worship traditions.

### Materials

- Notebook, pencils, drawing paper
- (See lesson-plan.md for any day-specific materials)

### The flow

#### Settle + chant (3 min)

Daily chant or breathing exercise.

#### Story recall (4 min)

Briefly recall yesterday's lesson by asking: *"What's one thing you remember from yesterday?"*

#### Today's idea (10 min)

- *ahimsā* (IAST: *ahimsā*; lit. "non-violence; extended to non-human life")
- Rivers are sacred in India! The Gaṅgā, Yamunā, Sarasvatī...
- Why? Because rivers give us water, food, life!

Show a picture of the Ganga. *"People say: don't pollute the river. The river is our mother."*

Children draw a river with fish, plants, and a small flower-offering. Discuss: *"What happens if rivers get dirty?"*

#### Activity (8 min)

A simplified version of *Sacred Grove (or Local Ecology) Mapping* (see activities/). Draw, sing, or act it out.

#### Wrap-up (3 min)

Each child shares one word that describes today.

### Homework

(See homework.md.)

## Teacher notes

- Citations belong in teacher notes only, not in student-facing material at this band.
- Keep new Sanskrit terms to one per lesson, repeated several times.
- If energy is low, swap the activity for free drawing.
