

Day 5 — Yajña — The Ecological Cycle

Module: Indic Ecology — Vasudhaiva Kuṭumbakam (Primary) · **Time:** 30 min

Goal

Read BG 3.10–14; map yajña to natural-cycle reciprocity.

Materials

- Notebook, pencils, drawing paper
- (See lesson-plan.md for any day-specific materials)

The flow

Settle + chant (3 min)

Daily chant or breathing exercise.

Story recall (4 min)

Briefly recall yesterday’s lesson by asking: “*What’s one thing you remember from yesterday?*”

Today’s idea (10 min)

- *sthāvara-jaṅgama* (IAST: sthāvara-jaṅgama; lit. “immobile (plants, rocks) and mobile (animals) life”)
- *Yajña* (say “yug-nyah”) means giving back — a circle of taking and giving.

Show the cycle: - 🌧️ Rain feeds 🌱 plants - 🌱 Plants feed 🐾 animals (and us!) - 🐾 Animals + us give back to soil - Soil grows more plants

“If we take but don’t give back, the circle breaks!”

Children draw the circle with arrows.

Activity (8 min)

A simplified version of *Sacred Grove (or Local Ecology) Mapping* (see activities/). Draw, sing, or act it out.

Wrap-up (3 min)

Each child shares one word that describes today.

Homework

(See homework.md.)

Teacher notes

- Citations belong in teacher notes only, not in student-facing material at this band.
- Keep new Sanskrit terms to one per lesson, repeated several times.
- If energy is low, swap the activity for free drawing.
